

Dark Sky Discovery Site launch

Wimbleball Lake

Friday 25 November

Celebrate the establishment of the first official Dark Sky Discovery Site in the South West and Exmoor National Park achieving International Dark Sky Reserve status.

This exciting astronomy and dark sky event will start at 6pm with activities until 8:30pm, stargazers are welcome to stay later if weather conditions allow at the newly established observing site.

The venue is the Outdoor + Active Centre at Wimbleball Lake, **TA22 9NU**

Activities include:

- Planetarium
- Astrophotography
- Telescopes
- From Earth to the Universe Exhibition
- Presentations

Please ensure that you wear warm clothing and bring a torch. You are welcome to bring any observing equipment under your own care.

Booking is not required for this event which is free of charge to attend

For further information on the location please contact Wimbleball on 01398 371460 or visit wimbleball@swlakestrust.org.uk for more information.
